

Ottovac By Grabo - Battery Powered Glass Lifter - 100kg (Model: B0016)

OTTOVAC
"GRABO"

Heavy Lifting Made Easy

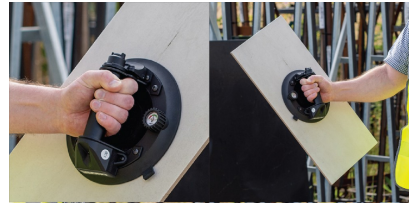

Ottovac by GRABO is a compact, automated suction cup designed for glass and smooth material transport. It offers rapid, powerful suction, holding up to 100kg securely without surface damage.

- **Compact and Versatile:** Engineered to accommodate a wide range of materials, such as glass, smooth plastic, metal, marble, and tiles.
- In contrast to conventional suction cups that require manual pumping for suction creation, Ottovac operates autonomously.
- With a carrying capacity of up to 100kg, Ottovac excels in safely transporting hefty objects while maintaining a secure hold.
- Featuring a resilient steel handle and a sturdy rubber seal, Ottovac is highly durable.
- The pressure gauge serves as a vital safety feature.

Attributes:

Product Code: B0016

Unit Of Sale: Each

Specifications:

Number of suction heads	1 PCS
Number of pieces in assortment/set:	1 PCS
L x W x H:	200 x 200 x 90 mm
Battery:	"4 x AA Alkaline (Not Included) approx. 1500 on/off cycles"
Working Voltage:	6V
Rated Power:	6W
Carry Capacity:	100 kg (220lbs)
Rated Airflow:	4 l/min
Maximum Vacuum Rate:	-0.7 bar (-70 kPa)
Gross Weight:	1.250 kg
