

57Kg Capacity Low Marking Pump Lifter (Model: B0088)

- The low marking rubber compound of the Woods Powr-grip N4000LM provides excellence resistance to staining or marking a load.

- The grey pad of the N4000LM helps to reduce marking on highly polished or light colored non-porous stone and acid-etched glass surfaces when lifting loads up to 57kg.

- A quick action pump handle allows the vacuum to be applied and released for the load surface with ease.

- Key features:

- 57kg lifting capacity
- Supplied with protective carrying case
- Red line indicator warns of any vacuum loss
- Supplied with 12 month warranty
- Durable ABS plastic handle
- 204mm diameter (8 inch) cup
- Apply suction cup to dry, clean surface
